BACKGROUND AND LEGISLATION

BACKGROUND

The governance of an organisation is concerned with the systems and processes that ensure the overall direction, effectiveness, supervision and accountability of a service. Approved provider must ensure that there are effective systems, procedures and processes in place to support the service to operate effectively and ethically, and all legal and regulatory requirements governing the operation of the business are met.

Under the [Education and Care Services National Law Act 2010 and Education and Care Services National Regulations 2011](#), early childhood services are required to have policies and procedures in place relating to the governance and management of the service, including confidentiality of records ([refer to Privacy and Confidentiality Policy](#)).

LEGISLATION AND STANDARDS

Relevant legislation and standards include but are not limited to:

- Associations Incorporation Reform Act 2012 (Vic), as applicable to the service
- Corporations Act 2001, as applicable to the service
- Education and Care Services National Law Act 2010
- Education and Care Services National Regulations 2011
- National Quality Standard, Quality Area 7: Governance and Leadership

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. Approved provider, Nominated supervisor, Notifiable complaints, Serious incidents, Duty of care, etc. refer to the Definitions file of the PolicyWorks catalogue.

Actual conflict of interest: One where there is a real conflict between a Committee of Management member's responsibilities and their private interests.

Conflict of interest: An interest that may affect, or may appear reasonably likely to affect, the judgement or conduct of a member (or members) of the Committee of Management or subcommittee, or may impair their independence or loyalty to the service. A conflict of interest can arise from avoiding personal losses as well as gaining personal advantage, whether financial or otherwise, and may not only involve the member of the Committee of Management or subcommittee, but also their relatives, friends or business associates.

Continuous improvement: Ongoing improvement in the provision of quality education and care services. The National Quality Framework aims to raise quality and drive continuous improvement through the National Quality Standard and quality rating processes. Quality rating encourages continuous improvement and engages the approved provider and their services teams in self-assessment and documenting their performance against the National Quality Standard. Providers of high-quality services regularly monitor and review their performance to guide planning and make improvements.

Development of professionals: A system of regular performance review, individual learning and development plans for educators, staff and co-ordinators. Performance planning and review ensures that the knowledge, skills and practices of educators and other staff members are current, and that areas requiring further development are addressed.

Ethical practice: A standard of behaviour that the service deems acceptable in providing their services.

Fit and proper person: The regulatory authority assesses whether an approved provider or a person with management or control of a service is a fit and proper person to be involved in the provision of an education and care service.

In determining whether they are a fit and proper person, the regulatory authority will consider:

- the person's history of compliance with any education and care services, children's services or education law, and any decision under one of those laws to refuse, refuse to renew, suspend or cancel a licence, approval, registration or certification issued to the person under that law
- their criminal history, to the extent that it may affect their suitability for the role of provider (including working with children clearance, such as a WWCC, or teacher registration details, jurisdiction dependant)
- whether they are bankrupt or insolvent
- whether they have the financial circumstances to enable them to sustain ongoing operation of a service
- whether they have a medical condition that may cause them to be incapable of being responsible for the service
- whether they have the management capability to operate a service
- actions taken under Commonwealth Family Assistance Law, including sanctions and suspensions.

Governance: The process by which organisations are directed, controlled and held to account. It encompasses authority, accountability, stewardship, leadership, directions and control exercised in the organisation (Australian National Audit Office, 1999).

Interest: Anything that can have an impact on an individual or a group.

Management system: A system to manage organisational risks and enable the effective management and operation of a quality service

Perceived conflict of interest: Arises where a third party could form the view that a Committee of Management member's private interests could improperly influence the performance of their duties on the Committee of Management, now or in the future.

Potential conflict of interest: Arises where a Committee of Management member has private interests that could conflict with their responsibilities.

Private interests: Includes not only a Committee of Management member's own personal, professional or business interests, but also those of their relatives, friends or business associates

Quality Improvement Plan (QIP): A document created by an approved provider to help self-assess service performance in delivering quality education and care and to plan future improvements.

Regulatory authorities consider the service's QIP as part of the quality assessment and rating process. The QIP does not have to be provided in any specific format, but must include:

1. an assessment of the quality of service practices against the National Quality Standard and the National Regulations
2. identified areas for improvement
3. a statement of the service's philosophy

Service philosophy: A statement the approved provider must develop and include in their QIP that outlines the purpose and principles under which the service operates. It:

- underpins the decisions, policies and daily practices of the service
- reflects a shared understanding of the role of the service among staff, children, families and the community
- guides educators' pedagogy, planning and practice when delivering the educational program.
